

Currumbin Beach Vikings Surf Life Saving Club Inc. Fire Safety Management Policy

Policy Register Number:	CSLSC1.26
Original Issue Date:	21 st August 2024
Approved By:	Club Council
Approved on:	21 st August 2024
Scheduled Review date:	19 th August 2026

Purpose

This document outlines Currumbin Vikings Surf Life Saving Club (“the Club”) strategies to manage fire risk, comply with legal obligations in relation to fire safety and to provide to the club community appropriate training and information on fire safety.

Definitions, Terms and Acronyms

- **FSMP:** Fire Safety Management Plan
- **Emergency:** An event, actual or imminent, which endangers or threatens to endanger life, property or the environment, which requires a significant and coordinated response.

Scope and Applicability

This policy applies to all persons in the Club. All staff, members, volunteers and contractors must be aware of their obligations under the fire safety regulations.

Policy Statement

The Club aims to ensure that all staff, members, volunteers and contractors are protected from the risks of fire. The Club has systems and procedures in place to safeguard the working environment and to ensure that the fire systems and associated requirements are properly maintained in accordance with relevant legislation.

These systems and procedures are codified in the Fire Safety Management Plan and the Fire and Emergency Evacuation Procedures. The following fire safety legislation is applicable to the Club:

- *Fire and Rescue Services Act Queensland 1990;*
- *Building Fire Safety Regulations Queensland 2008;*
- *Work Health and Safety Act Queensland 2011;*
- *National Construction Code (Building Code of Australia 2011)*

Fire Safety Management Plan

The Club has a FSMP which provides information on how the Club manages fire risks and how the Club will respond in cases of fire emergency.

Fire and Emergency Evacuation Procedures

Currumbin Beach Vikings Surf Life Saving Club Inc. Fire Safety Management Policy

Fire and emergency evacuation procedures apply in the event of any emergency which may require partial or total evacuation of buildings within the Club. Evacuation from buildings may be necessary as the result of fire, explosion, chemical leak, structural fault, equipment failure, or bomb threat.
